

## NCFE Traineeship in Business Administration

Traineeships can be tailored to your needs as long as they are made up of 3 core elements:

- **English and maths**, as these are seen as crucial employability skills
- a high quality work placement to give the learner meaningful work experience and to develop workplace skills (should be a minimum of 100 hours)
- a focused period of induction and work preparation training, covering areas like CV writing, interview preparation, job search and inter-personal skills.

You may also include a flexible element such as an introduction to industry or other industry specific qualifications. Learners who complete this Traineeship could progress to further learning in areas such as business administration or to employment in roles such as administrator or office support.
