Section 1
Why do we need this document?

NCFE is a UK awarding organisation regulated by the qualification regulators\(^1\) and is subject to each of the regulators’ Conditions of Recognition. As such, we have a responsibility to ensure that all of our centres adhere to them. The Conditions of Recognition can be found on each regulator’s website.

Although the Conditions of Recognition relate to regulated qualifications (i.e. those on a national framework), there are two conditions which providers of unregulated products must adhere to. These are under Condition B5 - ‘Representations regarding qualifications’:

**B5.1 - Statements regarding qualifications which are not regulated qualifications**

An awarding organisation must not (and must take all reasonable steps to ensure that any person connected with it does not) make any statement that would be likely to lead Users of qualifications to believe that a qualification it makes available is a regulated qualification when it is not a regulated qualification. – **Ofqual and CCEA**

An awarding body must not (and must take all reasonable steps to ensure that any person connected with it does not) make any statement (via any act or omission) that would be likely to lead Users of qualifications to believe that a qualification it makes available (whether regulated or not) is an Approved, Designated or regulated qualification when it is not an Approved, Designated or regulated qualification - **QW**

**B5.2 - Advertising and promotion of qualifications**

An awarding organisation must not (and must take all reasonable steps to ensure that any person connected with it does not) advertise or promote its qualifications in a manner that is likely to be misleading to Users of qualifications.

The reason the conditions above are in place is to ensure that learners are not misled in any way into thinking that an unregulated qualification is a nationally recognised regulated qualification owned by NCFE.

\(^1\) Ofqual in England ([www.ofqual.gov.uk](http://www.ofqual.gov.uk)), Qualifications Wales in Wales ([www.qualificationswales.org](http://www.qualificationswales.org)), and CCEA Regulation in Northern Ireland ([www.ccea.org.uk/regulation](http://www.ccea.org.uk/regulation)).
Section 2
How to advertise products

When advertising Customised Qualifications you can use wording that is appropriate to your centre, but must make it clear to learners and/or potential user that they are not nationally recognised qualifications regulated by qualification regulators.

To avoid misleading users that the product is a regulated qualification when it is not, we have provided wording that we strongly recommend you use when advertising or promoting Customised Qualifications, please see section 4.

This wording will enable your learners to make an informed choice which best meets their needs. Learners will be able to compare it with regulated qualifications and discuss the relevancy of the qualification content with the potential employer or organisation for further study.

The advertising on your website and promotional materials will be reviewed by the External Quality Assurer allocated to your centre by using this mandatory document for reference, and will be monitored on an ongoing basis. Please make sure that all points are met.

Section 3
Requirements

What you must do:

- Use appropriate descriptions of each Customised Qualification accredited by us, clearly stating that it is an unregulated qualification and is not nationally recognised in all documentation (including induction materials, website, promotional materials etc.) for learners and clients to advertise the product truthfully not to mislead learners.

Section 4
Wording to clarify the nature of Customised Qualifications

We have created the wording below to use when advertising each of the Customised Qualifications accredited by us. We strongly recommend you use this wording. You can use your own wording, but it must abide by the requirements listed in the above section.

To describe the Customised Qualification accreditation:
Our qualification has been developed to meet the specific needs of our learners and has been accredited by NCFE demonstrating the quality and rigor.

NCFE is an awarding organisation recognised by the qualification regulators for England (Ofqual), Wales (Qualifications Wales) and Northern Ireland (CCEA Regulation). This is an unregulated qualification and is not a nationally recognised qualification.

To describe the level in relation to the qualification:
This qualification has been accredited as a Customised Qualification and we have benchmarked the qualification’s learning outcomes and assessment criteria at Level <x> (using a national framework’s level descriptors) to allow you to demonstrate the difficulty and depth of study.

Certification from NCFE:
On completion of the Customised Qualification, learners will receive a certificate of achievement. The certificate is evidence of the knowledge and skills gained by completing the qualification. This qualification has been accredited by NCFE under the Customised Qualification and the certificate of achievement will be issued directly by NCFE.
Section 5
Advertising by third parties

A third party may advertise and deliver Customised Qualifications on your behalf, and therefore have contact directly with learners registered through you as an Approved Centre (they may be a ‘satellite centre’ of yours).

You should keep accurate and up-to-date records of all satellite centres / sub-contractors, and any third parties who advertise your Customised Qualifications and let us know of any changes.

You are responsible for ensuring that any third parties you work with adhere to these stipulations and ensure that learners receive the same information.

The Approved Centre must ensure that any third parties follow the points below:

• Adhere to all aspects of these stipulations and the points in our Centre Agreement applicable to them (through their relationship with you).

• State, when advertising each Customised Qualification, which Approved Centre the qualification belongs to and that they are selling or promoting the qualification on behalf of that centre.

• Ensure that all learners are provided with details of the correct title of the Customised Qualifications, qualification description and the Approved Centre name that will appear on their certificate of achievement.

• Ensure that learners are provided with contact information for the Approved Centre, so that they can contact them with any queries about the delivery or assessment, or to make a complaint.

• Do not make any claim or imply that they are the Approved or that they own the Customised Qualification.

• Do not use the NCFE Customised Qualifications logo on their website or on any promotional materials.
Section 6
Third party websites (group buying and discount voucher sites)

Approved Centres may use third party websites to sell or promote the Customised Qualifications, including but not limited to, Groupon, Wowcher, Living Social, Facebook and Amazon Local. However, under no circumstances must the NCFE Customised Qualifications logo or description, or any other NCFE logo or trademark be used on these types of websites to promote or sell any products. They cannot be described as NCFE accredited or have a description of the accreditation in the advert.
