Support your Study Programme learners with our employability resources

We offer a full package of resources to support the delivery of the employability elements within the Study Programme curriculum, helping you to meet Ofsted requirements.

These resources will support your 16-19 Study Programme learners' progression into Higher Education or employment. The package also includes two new modules covering British Values and Prevent.

For further information on the blended learning resources please contact the Learning Resources team by email learningresources@ncfe.org.uk.
