## General introduction

## About this Qualification Specification

This Qualification Specification contains details of all the units and assessments you will be required to complete to gain this qualification. It also contains extra information for your tutors or assessors.

## How the qualification works

This qualification is made up of units each representing a small step of learning. This allows the qualification to be completed at your own pace.

All of the units achieved can be ‘banked’. This means that if you want to take another qualification which includes the same units you do not have to take them again.

Each unit has:

- a **level** - *shows how difficult it is*
- a **credit value** - *one credit represents about 10 hours' work*
- a **unit aim** – *explains what is covered in the unit*
- **learning outcomes** – *cover what you need to do (skills) or what you need to understand (knowledge)*
- **assessment criteria** – *what you need to show (evidence)*

Each learning outcome is linked to a number of assessment criteria. Evidence must be provided for all the assessment criteria to gain the unit.

<b>Learning outcomes</b> The learner will:	<b>Assessment criteria</b> The learner can:	<b>Evidence record</b> e.g. page number & method	<b>Assessor judgement achieved</b> Initial and date
1. Understand why effective communication is important in the work setting.	1.1. Identify the different reasons people communicate.		
	1.2. Explain how communication affects relationships in the work setting.		

**Example shows how outcomes and criteria are laid out in the Unit Assessment Records (UARs) in Section 3**

## **Total Qualification Time/Guided Learning: Definitions**

Total Qualification Time (TQT) is comprised of the following two elements:

- the number of hours which we have allocated to a qualification for Guided Learning
- an estimated number of hours a Learner will reasonably be likely to spend in preparation, study, or any other form of participation in education or training, but not under the immediate supervision of a tutor or assessor.

Centres can decide how to allocate the TQT across the units of a qualification.

### Guided Learning (GL)

- Guided Learning (GL) and TQT apply to the qualification as a whole.
- We use GL to refer to the estimated guided learning hours at unit level.

## Understanding learning outcomes

There are two main types of learning outcome:

- **Skills** that can be performed
- **Knowledge** that can be learnt.

Sometimes they can cover a combination of the two.

### Competence / Skills based learning outcomes:

- Begin with 'Be able to'. The assessment criteria usually show that the evidence could be observable within a real work environment. Other methods may be applied, please see chart in Assessment Guidance section. All evidence must be based on the learner's experience in a real work environment.

### Knowledge based learning outcomes:

- Begin with 'Know', 'Understand' or 'Know how to'.

For your convenience, Knowledge-only units are indicated by a star in both the Unit Achievement Log and at the top of the units.

If a unit is not marked with a star, a unit has some Skills/Competence component(s).

### **Making use of our websites**

## **Plagiarism**

Plagiarism means claiming work to be your own which has been copied from someone or somewhere else. All the work you submit must be your own and not copied from anyone else unless you clearly reference the source of your information. Your tutor will explain how to provide a reference list that shows where you found your information. If your Centre discovers evidence that your work is copied from elsewhere, it will not be accepted and you may be subject to your Centre's or our disciplinary procedure. If this happens you will have to submit an additional piece of work for assessment. We will be notified of any cases of plagiarism.

### **Buying and selling assignments**

Offering to buy or sell assignments is not allowed. This includes using sites such as eBay. If this happens we reserve the right not to accept future entries from you.

## **Equal opportunities**

We fully support the principle of equal opportunities and oppose all unlawful or unfair discrimination on the grounds of ability, age, colour, culture, disability, domestic circumstances, employment status, gender, marital status, nationality, political orientation, racial origin, religious beliefs, sexual orientation and social background. We aim to ensure that equality of opportunity is promoted and that unlawful or unfair discrimination, whether direct or indirect, is eliminated both in its own employment practices and in access to its qualifications. A copy of our Diversity and Equality policy is available on the NCFE website.

## **Diversity, access and inclusion**

Our qualifications and associated assessments are designed to be accessible, inclusive and non-discriminatory. We regularly evaluate and monitor the 6 diversity strands (gender, age, race, disability, religion, sexual orientation) throughout the development process as well as delivery, external moderation and external assessment processes of live qualifications. This ensures that positive attitudes and good relations are promoted, discriminatory language is not used and our assessment procedures are fully inclusive.

Learners who require reasonable adjustments or special consideration should discuss their requirements with their Tutor, who should refer to our Reasonable Adjustments and Special Considerations policy for guidance. For more information on the Reasonable Adjustments and Special Considerations policy please see the NCFE website.

## Qualification support

This qualification is supported by Skills for Care.

## Introduction to the qualification

There are many laws which protect us at work and ensure we are treated fairly by an employer. At the same time, everyone who works has to take care that they behave well in work, looking out for their own and other people's safety, and are reliable and trustworthy. Because this is so important, all apprentices, whatever job they are doing, have to do some Employment Responsibilities and Rights study during their apprenticeship. This qualification has been developed to meet the specific needs of people working or intending to work in health, social care or children and young people's sectors in England and Northern Ireland.

The Level 2 Award in Employment Responsibilities and Rights in Health, Social Care or Children and Young People's Settings has been created for learners completing an apprenticeship. The qualification has a wider use, however, for any worker in the health, social care and children and young people's sector. It will be used in both Level 2 and Level 3 apprenticeships.

This qualification provides the knowledge to equip learners with an understanding of the health, social care and children and young people's sector and their role within it.

It covers:

- statutory responsibilities and rights of employees and employers
- awareness of own occupational role and how it fits within the sector
- agreed ways of working with employers
- career pathways
- issues of public concern and how these may influence changes in the sector.

## Rules of combination

To achieve this qualification, learners must achieve the 1 mandatory unit, gaining them a total of 3 credits.

## Progression

It is anticipated that learners who achieve the Level 2 Award in Employment Responsibilities and Rights in Health, Social Care or Children and Young People's Settings will take the Award as part of the apprenticeship framework in the health, social care or children and young people's sectors.
