What will you learn?

Termly sessions

Autumn/Winter 2021

Working with families effectively

3 December 2021 10-11am

Join us for an hour-long webinar discussing how we can work effectively with families. This session will give practical hints and tips, as well as provide a sound knowledge and understanding of the fundamentals of working with families. Whether you are an experienced Early Years Educator, newly qualified or completing a qualification, there will be something for everyone in this webinar. The webinar will be supplemented with a downloadable document about the ABC of working with families and a bonus podcast with headteacher-Natalie Showell, of Low Hill Nursery School in Wolverhampton.

Spring 2022

Physical development

10 February 2022 4-5pm

Join us for an hour-long interactive webinar providing Early Years Foundation Stage, (EYFS), school leaders, teachers and practitioners with knowledge and understanding of the importance of physical activity for physical development and how to enhance physical opportunities for holistic development in line with the reformed EYFS and supportive curriculum guidance. This webinar will be complemented with additional resources to inform your practice.

Summer 2022

The magical world of babies

5 May 2022 4-5pm

Join us for an hour-long webinar on the magical world of babies, where we explore the latest in early brain development, along with practical ideas of how to best support the babies' learning and development whilst in our care. We will look at the areas of development within the Early Years Foundation Stage (EYFS) Framework relating to Birth to 2-year-olds and the theories behind attachment. This webinar will leave you wanting to learn more, and this will be supported by additional resources in the form of a podcast and a written document.

Student conferences

These conferences are designed to support students on their learning journey presenting information about key aspects of Early Years and Education, as well as careers advice and support. The students will have the opportunity to interact within the session and to contribute their ideas for learning in the upcoming conferences. The student conference will introduce the concept of professional development, include professional guest speakers including an insight to occupational roles and inspiring educational experiences. Students will enjoy focusing on relevant knowledge and understanding to complement the qualifications they are taking and introduce the benefits of continuing professional development for reflective practice and lifelong learning.

Conference one

19 November 2021 10-12am

It's great to be studying for a qualification in Early Childhood Education. You are entering a unique, yet diverse occupational landscape with various paths to explore, a world of opportunity. Working in this field is much more than a job; it's a career, and the world of Early Childhood Education has never been more exciting and rewarding. Join us to celebrate this professional sector and all it has to offer in this student conference!

You can expect:

- An introduction to the sector-what to expect, where the paths could lead, the impact that you will have on the next generation of Early Childhood and preparing for placement.
- Case studies from Early Years Professionals
- Spotlight on opportunities in Higher Education
- Introduction to the Sustainable Development Goals and the announcement of the December webinar.
- Introduction to CPD Carousel and Careers Toolkit including how it can be used and developed.
- Live Q&A

Conference two

3 February 2022 2-4pm

With Children's Mental Health Week coming up on 7th February 2022, the students will benefit from a conference that will highlight how to support children with their mental health and to consider the role that they play in the children's and families lives.

You can expect:

- An introduction to children's mental health

- Hints and tips on how support children's personal, social and emotional development in the setting
- Ways in which to consider own mental health and its impact in the workplace
- Live Q&A
