Guidance for candidates

- Make sure you’re familiar with the assessment criteria and grading descriptors for this unit. These are included at the back of this external assessment paper. If you’re aiming for a Merit or Distinction it’s particularly important that you’re familiar with what these grades require, as you work through the tasks.

- Read the tasks carefully and make sure that you understand:
  - what you need to do to complete the assessment
  - what you need to submit
  - how much time you need to allow for each task.

- The Invigilator will explain where you will save your work between each external assessment session.

Instructions for candidates

- Complete your personal details on your Front Cover Sheet.

- You MUST attempt all of the tasks to address all assessment criteria fully. You cannot achieve a Pass grade unless you meet the required standard in all the tasks.

- Make sure that all of your work (including preparation work and timed external assessment work) is clearly identified with your name, your centre number, your candidate number and relevant task numbers.

- All of the work you submit must be your own.

- At the end of the assessment hand all documents over to your Invigilator and/or ensure that any electronic work is saved in the relevant place.

- If you’re using an external storage device to save your work, you should check that your work can be opened once you’ve transferred onto it.

Resources

- In the timed assessment you may use all of the material you have produced during the preparation time.

- You can use any specialist equipment needed for your performance.

- You can use your school’s intranet and the internet for the preparation tasks to support your research and inform your final piece of work; however you cannot copy directly from the internet. Any information used from the internet must be acknowledged in your work.

- You can use the school’s intranet for the timed external assessment tasks for the purpose of developing and hosting your rehearsal diary.
External assessment

You have decided to apply for a place at a local college to study for a qualification in Performance Skills. You are very keen to apply for the course but there is a lot of competition for places.

To help support your application you have to supply a video recording of a performance piece that shows your skills as a performer in front of an audience. The college is also very keen to see how you prepare for your performance so they have asked you to provide them with evidence of the rehearsals and planning that lead up to your video recording.

Your performance could be on your own or in a group.

These are the tasks you need to do in your preparation time:

Task 1

You must ensure your work in Task 1 addresses assessment criteria: 1.1, 1.2 and 1.3. You can find these on page 9.

a) Decide on a performance piece and your role within it. The piece must allow you to demonstrate your skills at a Level 2 standard.

You may wish to explain:
- why you've chosen this piece rather than any other
- what it requires of you and any other performers
- what skills it allows you to demonstrate

If you work individually:
- your performance must be 3 to 5 minutes long
- you must be seen actively performing at an appropriate standard throughout.

If you work as part of a group:
- the overall performance may need to be longer than 5 minutes
- each member of the group must be seen actively performing at an appropriate standard for 3 to 5 minutes
- you will still be assessed individually.

b) Research different ways in which your chosen piece can be performed.

You may wish to consider:
- techniques and practical skills used by other performers
- different ways of performing the piece
- why you think some ways of performing are better than others
- how your approach to your piece is influenced by your research
- any sound, light, prop and costume requirements.
c) Investigate the skills which your performance piece requires.

You may wish to consider any:
- particular challenges of the piece
- opportunities to demonstrate your particular skills
- different interpretations

Your evidence for Task 1 may include a report, presentation, video/audio recording, blog, podcast etc. It may be submitted on paper and/or digitally.

It’s recommended that you spend around 10 hours on this Task.

---

**Task 2**

*You must ensure your work in Task 2 addresses assessment criteria: 1.4 and 1.6. You can find these on page 10.*

a) Develop your outline rehearsal schedule showing:
- what you plan to do and when, to make sure that everything is ready in time for your final video recording which you’ll send to the college
- how your rehearsal schedule will allow you to tackle the more difficult aspects of your performance
- how you will consider the needs of your audience eg developing projection, timing, rhythm, pacing etc.

Your may also want to consider:
- how you might need to prepare the performance for different contexts eg large audiences in a college theatre, video recorded in a small room.

b) Incorporate safe working practices into your rehearsal schedule eg mental and physical warm up, use of equipment, environmental factors, risk assessment and individual responsibility.

Your evidence for Task 2 may include a report, presentation, video/audio recording, blog, podcast etc. It may be submitted on paper and/or digitally.

It’s recommended that you spend around 10 hours on this Task.
These are the tasks you need to do in your timed external assessment:

Task 3

*You must ensure your work in Task 3 addresses assessment criterion: 1.5. You can find this on page 10.*

Rehearse your chosen performance piece. You should use your rehearsals to develop and improve specific performance skills and techniques.

You may want to amend the rehearsal schedule that you created in Task 2 as your rehearsals progress.

Your evidence for Task 3 **must** include short video clips of your rehearsals showing a variety of performance skills and techniques in development. Your rehearsals should be an ongoing process and therefore evidence of more than one rehearsal should be evidenced in the video clips.

You **may** want to add a commentary on your rehearsals. You could talk to the camera or submit a report, activity log, presentation, audio recording, blog, podcasts etc. These may be submitted on paper and/or digitally.

It is recommended that you spend the majority of your time on this task during the timed external assessment.

---

Task 4

*You must ensure your work in Task 4 addresses assessment criterion: 2.1. You can find these on page 11.*

Perform your chosen piece in front of an audience. Your performance should show that you can:

- demonstrate performance skills at a Level 2 standard
- sustain concentration
- demonstrate projection
- demonstrate timing
- engage the audience.

You must make sure that in a group performance your contribution can be clearly identified.

Your evidence for Task 4 **must** be a video recording of your performance. The response of the audience must also be apparent in the recording.

The length of time spent on this task will depend on the length of your performance.
Task 5

You must ensure your work in Task 5 addresses assessment criterion: 2.2. You can find these on page 11.

a) View your video and carry out an evaluation of:
   • your performance on the video
   • the skills you’ve shown as seen on the video

b) Identify ways to improve.

Your evidence for Task 5 may include a report, presentation, audio/video recording, blog, podcast etc. These may be submitted on paper and/or digitally.

It is recommended that you spend around 1 hour on this Task.
