At NCFE, we feel that it's important to tell you exactly what we charge and what you get in return, making the whole process open, honest and easy to understand.

We endeavour to ensure that all of our qualification and EPA prices are competitive in the market and that they reflect the level of quality and rigour of our products, and the service that you receive.

The fees listed in this document are applicable from 1 August 2026 and are correct at the time of issue. T Level registration and first assessment fees are for the full session and are also applied from 1 August 2026.

Centre and administration fees

Approval fees

New centre application fee

This non-refundable fee is payable at the start of the centre recognition process and is applicable to new centres only. The fee covers the initial review of the application and the eligibility. Upon a successful application the centre will become approved and invoiced the valid annual centre recognition fee.

New centre application fee	£150.00
----------------------------	---------

Annual centre recognition fee

This fee applies to any active or approved centre and is from the first day of each new session (e.g. 1 August 2026). This fee gives access to all qualifications in the NCFE portfolio (including CACHE qualifications).

Administration fees

Cancellations

Cancellations are when learners or whole batches of learners are removed from a qualification, not to be re-instated.

If you cancel your learners within 5 working days of registering them, the registration fee will be refunded. After 5 working days you won't have the registration fee refunded. The cancellation fee will apply to both scenarios.

Cancellation of learners (individual)	£23.00
Cancellation of learners (batch)	£29.50

Withdrawals

Withdrawals are when learners or whole batches of learners are temporarily removed from a qualification. No refund or fee applies and these learners can be unwithdrawn if they continue on the qualification.

Late registration fees

This fee will be applied where a learner is registered more than 90 days after their start date and applies to any new learner registrations with a learner start date of 1 August 2024 onwards (with exception of V Certs). For example, if you register a learner on 1 December 2026, but their start date is 1 August 2026, the late registration fee would apply as they've been registered with us more than 90 days after the learner started on the qualification.

Please note that for T Level qualifications, late and very late registration fees already are in place and are calculated differently (see page 17). If you deliver a bundle that includes Functional Skills, late registration fees will be calculated based on the other products in the bundle (excluding Functional Skills) at the discounted rate.

Late registration fee 10% of the applicable registration and certification fee

V Cert late fees

Late registration or amendment fees will apply to learners registered from 1 February – 30 April during their first academic year on programme (the year before their assessments).

V Cert late registration fee	£21.00
------------------------------	--------

Very late registration or amendment fees will apply to learners registered after 1 May of their first academic year on programme (the year before their assessments).

V Cert very late registration fee	£42.50
-----------------------------------	--------

Transfer of learners

At times a learner may need to be transferred to a different qualification than the one they are registered on. In this case we'll apply a conversion fee as follows:

- If the new qualification is more expensive than the original qualification, the difference in price will be charged, plus a transfer fee.
- If the new qualification is the same price or lower than the original qualification, the only additional cost is the transfer fee.

The above rules apply only when the learner(s) transferring has done so BEFORE any qualification within the quality assurance (QA) group has been externally quality assured, or, had an external assessment sat. For any transfers completed/processed AFTER any visits or external assessments have taken place, no refund will apply if a visit has taken place on the QA group.

Transfer learner between qualification	£23.00
--	--------

Transfer full batch of learners between qualification	£29.50
---	--------

Topping up learners within qualification nests

Learners can be topped up to a qualification that is the same level and subject within the Award, Certificate and Diploma structure.

Topping up: In this case, you'll be charged the difference between the original and the topped up qualification, plus the top up fee.

Topping down: In this case, there will be no refund of the original registration fee and the topping up fee will be applied.

Fee for topping up a single learner	£23.00
Fee for topping up a full batch of learners	£29.50

If a learner cancels an assessment with more than 24 hours notice, no re-sit cost will apply. Please note that some standards require a 5 day cancellation period. For further information on these, please refer to the re-sit/re-take policy.

If a learner cancels an assessment with less than 24 hours or 5 days notice if required, the re-sit cost will be applied when the assessment is rescheduled. Please refer to the EPA pricing section for pricing per standard/assessment component.

Transfer of learners

NCFE has a transfer process which allows customers to switch apprentices that haven't entered EPA, as well as apprentices that have already achieved some elements of EPA with another end-point assessment organisation (EPAO). Further guidance can be found on our Resources Library. Where apprentices have already achieved some elements of their EPA, we would review what elements have been completed and what is outstanding before providing costs on an individual basis.
