Dear Vicky

Level 1/2 Technical Award in Business and Enterprise (603/2955/5)

I can confirm that we recognise and support the above qualification

NIC is one of the UK's Leading providers of cleaning services, delivering a service that is consistently the best across all areas and sectors. Due to operational centers throughout the country we have the ability to cater for clients with single or multiple sites.

V Cert Technical Awards are DfE approved, broad, high-quality, rigorous level 1 and level 2 qualifications that equip learners with applied knowledge and associated practical skills not usually acquired through general education.

I believe this qualification provides learners with a solid foundation enabling progression into a range of post-16 pathways whilst being recognised alongside other qualifications at the same level. I confirm that this V Cert offers the same level or quality and rigor as GCSEs at key stage 4.

The understanding and skills gained through this qualification will enable learners to progress within the business to a Supervisor / Manager level or possibly move onto a Quality/Training position. It will enable the learner to have choices in their future career.

I work as Office Manager /PA within the North East part of the business.

By signing below I provide my consent for the contents of this letter to be published electronically on NCFE Group websites for the purposes of demonstrating endorsement and understand that quotes could be used in marketing material. I also acknowledge that the contents of this letter may be kept on record by NCFE Group where required for audit, legal or regulatory purposes.

Yours sincerely

Kay Herdman-Bowes
Office Manager / PA
