THE AWARDS
AWARD WINNER
UNIVERSITY OF THE YEAR

Dear Lucy

NCFE Level 3 Applied General Certificate in Music Technology (601/6779/8) qualification

This qualification provides individuals who have an interest in Music Technology with an opportunity to develop their skills, knowledge and understanding to an advanced level. It prepares learners to progress onto a range of higher education courses within the Arts, Media and Performance sectors and other relevant sectors.

The University of Huddersfield accepts students onto its undergraduate courses with a wide-range and combination of level 3 qualifications. The courses offered by the university are diverse in nature ranging from the sciences to business, teacher training to health care and performing arts to computing and engineering. The university has an excellent reputation for graduate employment with over 93% of our undergraduate students going onto work and/or further study within six months of graduating (Destinations of Leavers Survey 2012/13).

The NCFE Level 3 Applied General Certificate in Music Technology can be considered alongside other qualifications at the same level, as fit for purpose and therefore suitable for meeting our entry requirements to a range of higher education courses: in particular, BMus (Honours) Creative Music Technology, BA (Honours) Music Technology, BSc (Honours) Music Technology and Audio Systems, BA (Honours) Music Technology and Popular Music.

We confirm that we support this qualification as it will enable learners to progress to higher education. We are happy for this statement of support to be made public and available on the NCFE website alongside the qualification details.

Yours sincerely

Judith A Davison
