Mac version: Download Instructions 1/1

Once you've selected *download* from the <u>NCFE</u> <u>Virtual Resources</u> <u>webpage</u>, you will see a pop up when installed. (1)

Click "OK". (2)

Next, open System Preferences on your Mac (not shown here). You'll find the Security and Privacy section. On this section, go to the bottom and select "Open Anyway".

After selecting this, open up NurseryVue.
