* Although this is a window all students at a provider must sit this at the same time. Sample and past Tutor Guidance documents are available on the NCFE website and should be used to prepare for the delivery of the assessment, but note that live, paper-specific versions are published for each series and there may be small variations compared to previous versions.

** Marks must be entered onto the Portal before midnight on the final submission date. Any learners booked but not sitting the assessment should be marked as a DNA in the submit marks screen. Failure to do this will result in delays to final moderation and student results. Final moderation will take place when the assessment window closes.

*** The Guided Learning Hours for this assignment are 10 – 12 hours. The student can only move to part 2 upon completion of all criteria. The Moderator is responsible for checking and confirming that this has happened through face-to-face reviews. The Moderator has to approve a provider before students can progress to part 2.

* Sample and past Tutor Guidance documents are available on the NCFE website and should be used to prepare for the delivery of the assessment, but note that live, paper-specific versions are published for each series and there may be small variations compared to previous versions.

** Marks must be entered onto the Portal before midnight on the final submission date. Any learners booked but not sitting the assessment should be marked as a DNA in the submit marks screen. Failure to do this will result in delays to final moderation and student results. Final moderation will take place when the assessment window closes.

Section 5 General Information

- Marks must be entered onto the Portal before midnight on the final submission date. Any learners booked but not sitting the assessment should be marked as a DNA in the submit marks screen. Failure to do this will result in delays to final moderation and student results. Final moderation will take place when the assessment window closes. Your sampling plan will be available to view on the Portal the next working day. This will only be available when all student marks are present. If you have missed the deadline, contact tlevelsupport@ncfe.org.uk.
- Evidence for all students on the moderation sampling plan must be submitted within 3 working days of the final submission date. Visit the NCFE website for information on sending evidence for moderation. Failure to enter marks or submit evidence within the above timescales will be referred to our Provider Assurance team for review and investigation and will result in delays to final moderation and student results. This will also impact your centre's risk rating following the annual monitoring review.
- Where reference is made to Advanced Assessment Materials within this document, this relates to any pre-release materials, made available to providers or students, including system configuration requirements, before assessment papers themselves are available.
- Assessment papers for paper-based external assessments (Core Exams) will be dispatched for arrival 3 working days before the date of an assessment.
- Where assessment material is shared digitally (Core ESP and Occupational Specialisms) assessment material will be available within the NCFE Portal 3 working days before the date of assessment, unless specified otherwise.
- Completed external assessment evidence must be returned to NCFE within 3 working days following the date of assessment or final date of an assessment window. This requires return of Core Exam papers using the Yellow Label service (or secure equivalent), and to the upload of completed digital assessment material via the NCFE Portal.
- All information contained within this document is valid and accurate as of the date of publication. Should there be any additional relevant information, unique to a particular paper or series, then this will be communicated to providers, both in separate, targeted communications and within an updated version of this document as required.
