Dear CACHE

Re: Support letter for CACHE qualification

I am writing in support of the **CACHE Level 3 Certificate in Health and Social Care (VRQ)** qualification.

As an employer, I believe this qualification is valuable because it

- provides potential employees with knowledge and skills in a range of health and social care services
- Provides a useful progression point for learners to develop their careers
- Consolidates the requirements of the Care Certificate and rewards and recognises learners for their growing competence

Completion of this qualification would benefit our employees by providing them with an overview of the health and social care sector and the underpinning principles of practice. Potential employees also undertake work placements to gain some experience in services. This will provide them with the best possible foundation for progressing to qualifications such as the Level 3 Extended Diploma in Health and Social Care (VRQ), the Advanced Apprenticeship in Health and Social Care or the Level 4 Diploma in Adult Care. Alternatively this qualification could prepare for and lead to employment in a variety of job roles within the health and social care sector such as Carer, Support Workers in residential settings, Healthcare Assistants, Community-Based Support Workers, Care Support Workers in Domiciliary Services, and various roles within the NHS.

The content of this qualification is relevant because it provides learners and employees with knowledge of the most up to date practices and protocols required for working in health and social care. The application of this knowledge is vital for those working in the job roles listed above to ensure learners and employees offer the highest standard of care and support to individuals accessing health and social care services. Such qualifications will raise the status of health and social care work and this is to be encouraged as it will also attract more people to the sector.

As such, I feel it is important for this qualification to be accredited as a regulated qualification and be available for adult funding.

Yours faithfully,

A handwritten signature in black ink, appearing to read 'Mike Cole', with a long, sweeping underline.

May 2015

I am writing in support of the CACHE Level 3 Certificate in Health and Social Care (VRQ) qualification.

As an employer, I believe this qualification is valuable because it gives students the understanding and knowledge of care values and how care services work before embarking on their own future careers.

Completion of this qualification would benefit our employees by providing them with an overview of the health and social care sector and the underpinning principles of practice. Potential employees also undertake work placements to gain some experience in services. This will provide them with the best possible foundation for progressing to qualifications such as the Level 3 Extended Diploma in Health and Social Care (VRQ), the Advanced Apprenticeship in Health and Social Care or the Level 4 Diploma in Adult Care. Alternatively this qualification could prepare for and lead to employment in a variety of job roles within the health and social care sector such as carer, support worker, support staff, advocates, assisting nurses and health and social care professionals, community care and social work.

The content of this qualification is relevant because it provides learners and employees with knowledge of the most up to date practices and protocols required for working in health and social care. The application of this knowledge is vital for those working in the job roles listed above to ensure learners and employees offer the highest standard of care and support to individuals accessing health and social care services. Such qualifications will raise the status of health and social care work and this is to be encouraged as it will also attract more people to the sector.

The qualification will also enable future health and social care workers to have an understanding of legislation within the industry and how that relates to their role.

As such, I feel it is important for this qualification to be accredited as a regulated qualification and be available for adult funding.

Yours faithfully,

Eileen Shrubsole
