

2025-26 FEES AND PRICING

Introduction

At NCFE, we feel that it's important to tell you exactly what we charge and what you get in return, making the whole process open, honest and easy to understand.

We endeavour to ensure that all of our qualification and EPA prices are competitive in the market and that they reflect the level of quality and rigour of our products, and the service that you receive.

The centre approval and annual approval fees listed in this document are applicable from 1 August 2025 and are correct at the time of issue. T Level registration and first assessment fees are for the full session and are also applied from 1 August 2025.

Approval fees

Centre approval

The centre approval fee only applies to new centres who don't already work with NCFE or CACHE and covers the cost of the approval process and approval for the current session. This includes the cost of the approval review.

Centre approval – schools	£638
Centre approval – all other centres	£1270.50

Annual approval

This fee applies to any active or approved centre and is from the first day of each new session (eg 1 August 2025). This fee gives access to all qualifications in the NCFE portfolio (including CACHE qualifications).

Annual approval – schools	£638
Annual approval – all other centres	£1157.50

Centre and annual approval does not apply to EPA.

Administration fees

Cancellations

Cancellations are when learners or whole batches of learners are removed from a qualification, not to be re-instated.

If you cancel your learners within 5 working days of registering them, the registration fee will be refunded. After 5 working days you won't have the registration fee refunded. The cancellation fee will apply to both scenarios.

Cancellation of learners (individual)	£22.50
Cancellation of learners (batch)	£29.00

Withdrawals

Withdrawals are when learners or whole batches of learners are temporarily removed from a qualification. No refund or fee applies and these learners can be unwithdrawn if they continue on the qualification.

Late registration fees

We introduced this fee from August 2024 and it is applied when a learner is registered more than 90 days after their start date. For example, if you register a learner on 1 December 2025, but their start date is 1 August 2025, the late registration fee would apply as they've been registered with us more than 90 days after the learner started on the qualification.

Please note that for T Level qualifications, late and very late registration fees are calculated differently (see page 18). If you deliver a bundle that includes Functional Skills, late registration fees will be calculated based on the other products in the bundle (excluding Functional Skills) at the discounted rate.

Late registration fee	10% of the applicable registration and certification fee
-----------------------	--

V Cert late fees

From 1 August 2025, we're introducing late and very late registration fees for V Cert Technical Awards. This will help us to ensure we have the resource to quality assure your learners' work in a timely manner.

Late registration or amendment fees will apply to learners registered from 1 February – 30 April during their first academic year on programme (the year before their assessments).

V Cert late registration fee	£20.50
------------------------------	--------

Very late registration or amendment fees will apply to learners registered after 1 May of their first academic year on programme (the year before their assessments).

V Cert very late registration fee	£41.50
-----------------------------------	--------

Transfer of learners

At times a learner may need to be transferred to a different qualification than the one they are registered on. In this case we'll apply a conversion fee as follows:

- If the new qualification is more expensive than the original qualification, the difference in price will be charged, plus a transfer fee.
- If the new qualification is the same price or lower than the original qualification, the only additional cost is the transfer fee.

The above rules apply only when the learner(s) transferring has done so BEFORE any qualification within the quality assurance (QA) group has been externally quality assured, or, had an external assessment sat. For any transfers completed/processed AFTER any visits or external assessments have taken place, no refund will apply if a visit has taken place on the QA group.

Transfer learner between qualification	£22.50
Transfer full batch of learners between qualification	£29.00

Topping up learners within qualification nests

Learners can be topped up to a qualification that is the same level and subject within the Award, Certificate and Diploma structure.

Topping up: In this case, you'll be charged the difference between the original and the topped up qualification, plus the top up fee.

Topping down: In this case, there will be no refund of the original registration fee and the topping up fee will be applied

Fee for topping up a single learner	£22.50
Fee for topping up a full batch of learners	£29.00

If we don't receive notice, the relevant review fee will apply.** If you fail to send us all evidence at least 2 working days prior to your review, the review will be cancelled and you will be charged the relevant fee.
