

Granular Allergen Policy

Allergen Policy

We handle all materials related to starch to produce a range of modified and non-modified starches from all cereals to allow you to make the best products. Please see below details related to allergens handled in our manufacturing site.

Allergens handled on site:

- Soybean
- Gluten (oats and wheat)

Please note that we have a full allergen clean down in place after gluten containing cereals to ensure starches manufactured after do not contain any gluten.

Allergens not handled on site:

- Lupin
- Eggs
- Fish, molluscs and crustacean
- Celery
- Mustard
- Dairy
- Sulphites
- Sesame
- Tree nuts and peanuts
