Please note that ¹T Level qualifications are not included within this timetable. There has been a separate Key Dates Schedule communication for T Levels, you will find this available on our website.

Some key dates for these particular T Level qualifications (e.g., registration dates and results release) are arrived at in conjunction with other Awarding Bodies and Regulatory partners, other dates (e.g., individual assessment dates) are determined by NCFE alone.

¹T Level is a registered trademark of the Institute for Apprenticeships and Technical Education. The T Level Technical Qualification is a qualification approved and managed by the Institute for Apprenticeships and Technical Education.

Guidance information

All Key Stage 4 and 5 qualifications covered by this timetable are subject to Department for Education's technical guidance.

Essential resource information and assessment conditions can be found in the Qualification Specific Instructions for Delivery (QSID).

Centre responsibilities

The assessments **must** be completed in line with our Regulations for the Conduct of Assessment.

Centres **must** ensure that all staff involved in the assessment have read and understood the regulations, in addition to information provided in Tutor Guides for each V-Cert qualification.

For V Cert qualifications the non-exam assessment (NEA) **must** be completed in line with the regulations for the conduct of the NEA outlined in the Tutor Guidance document available of the qualification page on the NCFE website.

Booking your learners for an assessment

Some qualifications will require you to make the booking upon registration, for all others this is managed as a separate process, and it's the centre's responsibility to ensure learners are booked onto the appropriate assessment window/date.

Bookings, including re-sits, must be made via the 'Manage Bookings' screen in the NCFE Portal. Please refer to the Portal User Guide for further guidance.

Booking cut-off

All learners must be booked via the NCFE Portal by the advertised booking cut-off date in this document. Any late bookings will be subject to an additional late booking fee as detailed in our fees and pricing document for NCFE or CACHE.

Reasonable adjustments

If learners require reasonable adjustments these must be submitted in line with the published timescales in our guidance and policy document. Failure to do so may mean your learners will not have approval in place for the assessment.
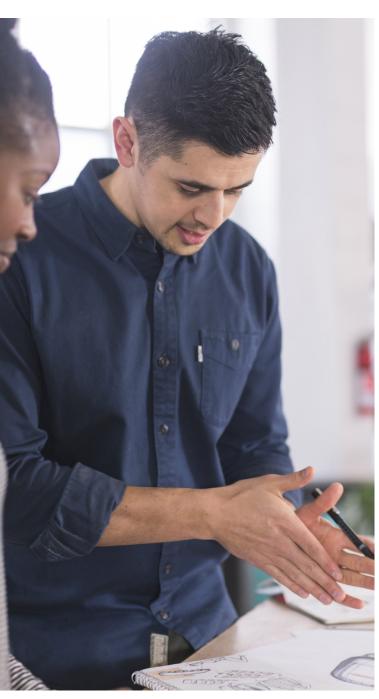

Assessment date

Set date/time: The learners must sit the assessment at these dates/times in line with our Regulations for the Conduct of Assessment. You'll need to complete the assessment variation form if the assessment date/time clashes with another assessment/examination.

For assessments with published starting times, centres are enabled to start assessments by up to 30 minutes earlier than, or later than, the published starting time without the requirement to submit an assessment variation request for approval. If the amendment to time is greater than 30 minutes, prior approval must be agreed.

For V Cert NEAs for 2024/25, the live brief was published 1st October 2024. Centres will be able to start the assessment only when all teaching and learning of the full qualification is complete.

Assessment window

At the beginning of delivering the qualification, you must plan all supervised and/or invigilated sessions within the published assessment window. Assessment timetables may be checked by Quality Assurers or Assessment Audit Advisors during any centre quality assurance visit.

For the V Cert NEAs for 2024/25, centres must plan sufficient time with contingency to ensure all assessments are complete and learner marks can be entered into the Portal no later than 30 April 2025.

Pre-release/stimulus materials

For any assessments where pre-release/ stimulus assessment materials are required, these will be provided a minimum of 5 working days (unless otherwise stated) prior to the date of the assessment/start of the assessment window. Please refer to the QSID for further information.

Return of assessments

Partially or fully completed learner work, and the assessment Register(s)/Submission List, must be returned to NCFE by special delivery/secure courier within 2 working days (3 working days for digitally uploaded work) of the assessment taking place or the final timetabled supervised/ invigilated session. Should the published date or end date of an assessment fall on the final day of a term or half-term, centres must make arrangements to have papers sent or uploaded (if appropriate) on this final day, should relevant staff (e.g., IT support, Examinations Officers) be unavailable on the following working day.

Late return fees will apply to any completed assessment material that is not received 72 hours after the assessment.

For the Level 3 Applied General in Art and Design, learner work must be retained securely at the centre in preparation for the Examiner Visit.

Submission of V Cert non-exam assessment (NEA)

The deadline for submitting assessment marks for the NEA is 30 April each year. On 1 May a sample plan list will be generated on the system, and you'll have 3 working days in which to upload all of the learner evidence, feedback sheets and checklists. Please refer to the checklist in each assessment pack for specifics of what documents are required to be uploaded.

Learner marks and evidence must be submitted by the specified dates to guarantee results are issued in line with published result release dates.

Results release

The assessment results will be released on the date highlighted for each assessment opportunity, specific to the qualification. You will be notified if any results are placed on hold and the reason why. Results can be viewed in the NCFE Portal.

Enquiries about results and Reviews of Moderation

Please refer to our policy for details of deadlines and what you need to fill in.

Contingency planning

Our [Assessment Contingency Planning](#) publication offers guidance on what a centre should do in any unforeseen circumstances meaning an assessment cannot go ahead on the published date and time. It also provides guidance on how centres can plan for and deal with severe disruptions and/or emergencies.

V Certs – New model with delivery from September 2022

From September 2022 we launched 11 new V Cert qualifications. Some are updated versions of existing V Certs, and others cover brand new subject areas.

These new style V Certs have a single assessment each year and a single non-examination assessment (NEA), timetabled in the summer. These assessment dates will be released 1 year in advance, and the first assessments took place in Summer 2024. This means that this version of our timetable, covering 2024-26, contains a confirmed date of Summer 2025 and a provisional date for summer 2026. The exact dates for the 2025/26 timetable will be published in Summer 2025. The full list of the available new V Certs that this relates to can be found [here](#).
